

**FIRST ANNOUNCEMENT
AND
CALL FOR PAPERS
TO
THE INTERNATIONAL CONFERENCE
National Forum on Maintenance
2023**

22nd year

Vysoké Tatry, Štrbské Pleso, Hotel PATRIA

May 30 - 31, 2023

Dear friends and colleagues,

We would like to inform you about the international conference **National Forum on Maintenance 2023**, which will again take place on the traditional date at the end of May at the popular place at the Patria Hotel in Štrbské Pleso. After a forced break, last year's conference returned to the traditional place at the traditional time, and the high participation confirmed that the event rightfully deserves a unique place in the calendar of Slovak maintenance workers.

The mission of the conference from its origin is to: "Provide state-of-art information of high professional value and create favourable conditions for exchange of experience among maintenance professionals from Slovakia and abroad".

The conference is an important event in Slovakia with a long tradition, where top managers and specialists from the field of maintenance, representatives of companies offering innovative products and services for maintenance, as well as experts from practice and academia meet.

We invite you again to share your experience and to introduce progressive methods and solutions that you apply in challenging maintenance conditions, to introduce new products and technologies that lead to higher effectiveness, quality and safety in maintaining the value of physical assets.
